Portfolio (Projects & Work): chinmaykudalkar.com

EXPERIENCE

• Mintskill HR Solutions LLP

Dec 2025 – Apr 2026

Team Lead

- Led development of **LINEUP**, a multi-tenant SaaS platform
- Designed backend architecture for pipelines, scheduling, and communication systems
- Implemented Redis-based async job queues for background processing
- Integrated CRM/ATS tools to automate workflows
- Delivered modular, maintainable backend services

PROJECTS

• LINEUP – Multi-Tenant Interview Management Platform

Next.js, NestJS, PostgreSQL, Prisma, Redis

- Architected a multi-tenant backend with strict row-level isolation via tenant context
- Engineered reporting using PostgreSQL window functions, reducing frontend load by 70%
- Implemented Redis caching and async processing achieving sub-100ms dashboard response times
- Built bulk ingestion and OCR pipelines (Tesseract.js) processing 1000+ records
- Designed conflict-aware scheduling with concurrency-safe booking logic

• BlockVault | *Flask, React, Web3, Zero Knowledge*

- Built a zero-knowledge document security platform with end-to-end encryption
- Implemented zero-knowledge verification and blockchain-backed audit trails

• GitHub Repository Summarizer | *React, Flask, NLP*

- Built a tool to summarize GitHub repositories using API integration and NLP

• Sketch-to-Image AI | *React, Flask, Stable Diffusion*

- Built an application to generate images from sketches using diffusion models

TECHNICAL SKILLS

- **Languages:** JavaScript, Python
Frontend: React, Next.js
Backend: Node.js, Express
- **Databases:** PostgreSQL, MySQL, Redis
Cloud & Tools: AWS, Docker, Git, Postman, Oracle Cloud
- **AI/ML:** LLM APIs (OpenAI, Gemini), Stable Diffusion
Storage: MinIO

EDUCATION

• Ratan Tata Maharashtra State Skills University, Navi Mumbai

2023 – Present

B.Tech in Computer Technology — CGPA: 7.2

• Stann Knowledge Campus, Mumbai

2022 – 2023

HSC (PCM CS) — 82.33%

• St. Willibrords High School, Mumbai

2020 – 2021

SSC — 71.80%
